Tennessee has seen 847,206 initial claims in 27 weeks, with claims falling below 10,000 for the first time since the pandemic began.

Claims decreased by 1,991 this week after increasing last week. UI claims still remain high on historical levels.

Unemployment Claims, 2006 through September 2020

Updated weekly; last revision 10/1/20

Initial claims have fallen from their historic peak and continued claims are declining rapidly. This week marks the 21st consecutive week that initial claims have been below the previous historical high of 30,753 (01/10/2009), after 7 weeks above the previous high.

Continued claims are a better indicator of the number of individuals drawing from the trust fund. Continued claims have fallen every week since 5/9/20. Continued claims declined 13.3% the week of 9/19/2020.
