We use a combination of behavioral-based and situational interviews to get to know the real you.

4. Offer

Congratulations! We look forward to welcoming you to P&G.

P&G Functions

Brand and Marketing

Drive brand growth and equity through transformational campaigns and go-to-market strategies.

Research & Development

Create superior innovation with technical curiosity and state-of-the-art solutions to improve consumers' lives.

Product Supply

Build top-notch supply chain and networks to deliver premium quality products and innovation.

Information Technology

Drive business growth and digital transformation through data integration, algorithms, modern tech architecture and digital stewardship.

Finance & Accounting

Deliver Sustainable Value Creation through strategic business and financial analysis, simplification and stewardship.

Human Resources

Attract, develop, & retain P&G's most valuable asset: its people.

Sales

Drive superior customer value creation and winning business plans.

Legal / Intellectual Property

Help ensure compliance, and defend the business against legal attacks or infringements of P&G's rights and property.
