

2023-2024 STUDENT HANDBOOK

VALUES. MISSION. VISION.

We are a community that serves the citizens and businesses of Tennessee and beyond. We support learning through the creation and sharing of knowledge. We succeed when our work, and that of our students and partners, generates nationally and internationally recognized outcomes that improve the world.

HASLAM VOLUNTEER IMPACT

The Volunteer Creed states, “One that beareth a torch shadoweth oneself to give light to other.” In the Haslam College, impact is one of our core values and says, “We want to make a positive difference through our ideas and actions.”

As a Haslam Volunteer, we want to invite all members of the college’s community to take part in our Haslam Volunteer Impact initiative.

WHAT IS HASLAM VOLUNTEER IMPACT?

Haslam Volunteer Impact is the service initiative of the college. Students, faculty and staff that complete 160 hours of service during their tenure at the university will receive the Haslam Volunteer Impact Service Medallion at a college ceremony during the spring semester each academic year. Awards are also granted for every 40 hours of service tracked leading up to the 160, including an exclusive Haslam Volunteer Impact shirt for completing your first 40 hours.

SERVICE OPPORTUNITIES

Opportunities to serve the local community will be advertised weekly in Haslam Headlines. The Jones Center for Leadership & Service (JCLS) offers Alternative Break programs, the “Sign Up to Serve” service calendar and numerous VOLServe Days of Service. Visit leadserve.utk.edu for more volunteer opportunities.

TRACKING HOURS

Students can login to the JCLS’s “Service Tracking Database” at trackyourhours.utk.edu to log hours. Hours should be logged within one month of service and by November 15, April 15 or August 15 for hours to be considered for the given semester.

Questions: Email haslamengaged@utk.edu

HASLAM READY: PREPARING TO DO BUSINESS

According to the 2022 Job Outlook report published by the National Association of Colleges and Employers (NACE), the top attributes employers are seeking on candidate resumes are problem-solving skills, analytical/quantitative skills, and the ability to work in a team. Employers will also review candidates for proficiency in the eight career readiness competencies:

- Technology
- Equity & Inclusion
- Teamwork
- Critical Thinking
- Communication
- Professionalism
- Career & Self Development
- Leadership

Over the next four years, you will be afforded many opportunities as a student in the Haslam College of Business (HCB) to learn inside the classroom from nationally- and internationally-known faculty, to engage in student organizations and leadership societies within the college and university, to complete internships and co-ops, to experience international business through studying abroad and international internships, and much more.

As you experience learning inside and outside the classroom, the college wants to help you hone your hard and soft skills to make you Haslam Prepared: Ready to do Business.

This handbook will introduce you to HCB curriculum, student organizations and honor societies, and internship classes. We encourage you to use this resource throughout your four years at UT to maximize your experience and to help you begin to develop into a young business professional.

HASLAM LEADERS: PREPARING TO DO BUSINESS SERIES

All Haslam College of Business students will complete a series of four one-hour courses to produce better prepared students for post-graduation careers and/or graduate education. The Haslam Leaders: Preparing to do Business series will enable students to achieve higher value-added educational outcomes, employment, and career opportunities to develop leadership potential and capabilities.

BUSINESS ADMINISTRATION 100—INCLUSION

Becoming an Engaged Leader in a Diverse Community
Integration into HCB with emphasis on academic and career planning, college success strategies, and professional development.

BUSINESS ADMINISTRATION 200—INTEGRITY

Becoming an Ethical Leader and Effective Communicator
Appropriate written communication in a business environment and communication in team settings. Areas of content include ethical, effective and engaged communication and personal/team branding.

BUSINESS ADMINISTRATION 300—INSIGHT

Becoming Personally and Professionally Aware as a Leader
Equipping students with career, industry and professional development knowledge necessary to becoming competitive for internships and other professional opportunities. Areas of content may include self-assessment, resumes and cover letters, and interviewing.

BUSINESS ADMINISTRATION 405—IMPACT

Becoming a Leader Who Makes a Positive Difference
Reflecting on their experience as business students and transitioning to their professional lives as alumni. Students will consider how they will use their business education to make a positive impact on the world going forward.

INTERCOLLEGIATE PROGRAM

HEATH INTEGRATED BUSINESS & ENGINEERING PROGRAM

Are you interested in learning how business and engineering roles work together in industry? Maybe consumer goods or tech industries appeal to you. Do you want to be part of a program that blends business and engineering concepts? The Heath Integrated Business & Engineering Program (IBEP) combines the knowledge and reputations of two of the University of Tennessee, Knoxville's outstanding academic colleges - the Haslam College of Business and the Tickle College of Engineering.

Interested Haslam students apply in the spring of the freshman year to start Heath IBEP with Tickle students in the fall of the sophomore year. These students take business and special engineering courses as a cohort to understand how to be successful in each other's environment.

PROGRAM HIGHLIGHTS

Haslam students participating in Heath IBEP will:

- Major in one of eight business majors and have a concentration in the Heath Integrated Business & Engineering Program
- Receive a Heath IBEP program scholarship package
- Attend distinguished alumni and leadership seminars
- Combine in-depth strategy and decision making processes
- Tour manufacturing facilities
- Apply learning with joint business and engineering real world and CAPSTONE projects
- Receive individual mentorship with executives

WHAT YOU WILL LEARN

- Effective problem solving skills for a variety of systems, emphasizing the impact on key organizational metrics
- Communication skills that will allow these new professionals to lead others on implementing effective solutions
- Big picture perspective generated from collaborative experiences, one-on-one mentoring opportunities with executives, and industry exposure

ADMISSIONS CRITERIA

An admissions committee, made up of members from both the Haslam College of Business and the Tickle College of Engineering, will evaluate students during the spring of their first-year.

ADMISSIONS CONSIDERATIONS

- Info sessions will be held during the fall and spring semesters
- No special math or science coursework is required

Be on the look out for information regarding the IBEP program.

GREG AND LISA SMITH GLOBAL LEADERSHIP SCHOLARS

Greg and Lisa Smith Global Leadership Scholars (Smith GLS) is a three-year honors program that promotes the development of international and intercultural awareness, leadership, and personal and professional growth. Through honors classes, seminars in leadership training, international experiences, and co-curricular activities, Smith GLS students work with honors faculty to develop the skills necessary to become future international business leaders.

Students will apply to the Smith GLS program in their first-year; applications will be accepted in December and January.

PROGRAM HIGHLIGHTS

Smith GLS is a fully integrated program that affects the entire college experience. Students will:

- Pick one of the nine majors in the college with a collateral or concentration in international business.
- Participate in a residential experience in London, England, in the spring semester of the sophomore year, and complete an international business internship.
- Add cohort honors courses in leadership training in the second, third, and fourth years that will allow exploration of many facets of leadership and citizenship.
- Participate in energizing enrichment opportunities and cultural activities.
- Receive a Smith GLS scholarship package, including a study abroad stipend.

ADMISSIONS CRITERIA

The admissions committee reviews the following in assessing each candidate's qualifications and select finalists to interview:

- Online application indicating interest in international business and academic rigor
- UT cumulative grade point average and first semester letter grades
- High school cumulative grade point average
- ACT or SAT scores
- Student resume formatted utilizing the HCB resume template including leadership experience, campus involvement, and community service
- Contact information for two academic references

SMITH GLOBAL LEADERSHIP
SCHOLARS

BUSINESS FELLOWS

The Business Fellows Program is one of the Haslam College of Business' signature honors programs. By blending classroom learning and real-world experience, the Business Fellows Program prepares students to be innovative leaders in today's competitive business climate.

PROGRAM HIGHLIGHTS

Students will take smaller pre-business and business core honors courses each semester with other Business Fellows through a flexible academic curriculum. They will also engage in co-curricular activities such as company site visits, guest speaker sessions, and professional development workshops.

To complete the Business Fellows Program, students must:

- Take the honors version of the Haslam Leaders Series, beginning with BUAD 207.
- Complete four honors business courses.
- Complete one honors capstone course during senior year.
- Attend co-curricular engagement events each semester.
- Remain in good standing with the Haslam College of Business and the University of Tennessee.

ADMISSIONS CRITERIA

Students may apply in the spring of their first year, with official admission occurring in their sophomore year. This three-year honors program is open to the top 10 percent of Haslam students. The program provides an intellectual challenge for high-achieving, academically minded students enrolled in the college.

BUSINESS FELLOWS

INTERNATIONAL EXPERIENCE

The College's Mission

As a part of the University of Tennessee's comprehensive plan to help students gain the international and intercultural knowledge they need to thrive in the world today, the Haslam College of Business strongly encourages students to pursue international educational experiences, both abroad and on-campus. To assist students in their international endeavors, the Haslam College of Business has an Office of International Programs and Study Abroad (IPSA) as part of its Student Engagement and Success Unit. This office is available to help students with their program search and connect the experience with their degree and career goals.

International Business Collateral/Concentrations

International Business (IB) refers to the buying and selling of goods, services, technology, etc. across transnational borders. Students in the IB collateral or concentration will learn about the strategic implications of conducting business in an international context including cultural, socio-political, economic, and legal characteristics. All students pursuing an international business collateral or concentration must have an educational experience abroad. This educa-

STUDY ABROAD

HCB Faculty-Directed International Programs

Each year, the Haslam College of Business offers a number of faculty-directed programs in a variety of business topics all over the world. These courses offer either three, four, or six upper-division business credit hours, in addition to receiving credit for IB 489, which satisfies the IB concentration or collateral international experience requirement. These programs are all taught in English and use the country location as the lab for business concepts – exploring the intersection of culture, government and business; visiting a range of businesses that work both locally and internationally; and utilizing the faculty's expertise in their functional business area.

Semester and Summer Programs

Students may also choose to participate in summer or semester-length programs where they participate in coursework at some of the top institutions around the globe. Whether through an affiliate partner or as an exchange, these programs are highly immersive experiences that connect students to a worldwide network and are not limited by a student's foreign language proficiency.

tional abroad experience can be in the form of an internship abroad or study abroad experience.

In addition to coursework offered on UTK's campus, international business coursework may be completed through a study abroad and/or for-credit international internship program. A wide range of programs exists, not only geographically, but also in regard to program length, cost, term(s) of enrollment, and admission requirements.

**Please note that students do not need to be an IB collateral / concentration in order to study abroad. All students are welcomed and encouraged to have an education abroad experience.

INTERNATIONAL BUSINESS CLUB

The International Business Club (IBC) provides a venue for social and professional networking and communication between students and IB professionals. Activities include guest speakers, networking with local businesses, and connecting with other organizations to facilitate additional interactive programming. This student organization is open to all students from any major who have an interest in international business as an academic pursuit, a personal passion, and/or a professional ambition.

Intern Abroad & IB 492

International internships allow students to develop international competencies while gaining valuable industry experience. International Business 492 allows students completing an internship abroad the opportunity to earn course credit.

HCB No Passport Programs

In addition to in-person study abroad, Haslam College of Business offers on-campus international programs to help support the internationalization of students' education. Students can choose from an international business research project, consulting project, or case competition team. Students who successfully complete a HCB No Passport Program will be awarded a scholarship towards a future study abroad program! Visit the Haslam Abroad website for details.

INTERNSHIPS

GENERAL REQUIREMENTS

You should report your internships at <https://utk.12twenty.com>.

If you wish to receive academic credit for an internship, you must be enrolled in the 492 course associated with your major department or the college. Consult the Center for Career Development and Academic Exploration (CCDAE) for more information.

Students completing a co-op must register with Professional and Career Development.

BUSINESS ADMINISTRATION 492

If you plan to do an internship either before you are admitted to a major or outside of your field of study, you may be able to do so under Business Administration 492 (1–15 hours). For approval, you should consult with your academic advisor and Jeannine Berge (jberge@utk.edu), director of Career and Professional Development for the college.

Information on departmental 492 opportunities can be found on the following pages:

NETWORKING

Building and maintaining strong relationships throughout your career will help you stay informed and connected in your field. Start developing your professional network today.

EMPLOYER OF THE DAY

Learn about opportunities and companies without leaving the Haslam Business Building. A variety of employers and industries participate throughout the year.

HANDSHAKE

Online job and internship database for UT students and alumni supported by the Center for Career Development. Create your profile at career.utk.edu.

JOB FAIRS

Connect with employers seeking part-time, internship, and full-time opportunities in one location. Multiple fairs are held annually. For more information go to career.utk.edu.

LINKEDIN

Manage your professional identity on LinkedIn. Build and engage with your professional network. Access knowledge, insights, and opportunities. Start building your professional network at linkedin.com. This platform can help you showcase your personal brand while helping you make and keep professional connections.

STUDENT ENGAGEMENT

STUDENT ORGANIZATIONS

UT offers over 500 different organizations for students to get involved. Joining a student organization affords students the opportunity to build a network and gain leadership experience. A complete listing of all student organizations can be found on the Center for Student Engagement's website at go.utk.edu/volink. Below is a list of some of the ways to get involved with business student organizations.

ALPHA KAPPA PSI

As a professional business fraternity, the mission of Alpha Kappa Psi (AKPsi) is "developing well-trained, ethical, skilled, resourceful, and experienced business leaders." The men and women of AKPsi reflect the world's diversity and are united by a common interest in business and other related fields. The organization builds a feeling of brotherhood and friendship—a support structure that each and every member can depend on and contribute to for the betterment of themselves and fellow members.

ASIAN BUSINESS CLUB

The Asian Business Club (ABC) is a group that brings together students who have an interest in Asian business, culture, and commerce. The ABC organizes events such as workshops, guest lectures, cultural celebrations, networking events, and conferences. ABC is open to all students, races, and majors who are interested in getting something from the club.

BETA GAMMA SIGMA

Beta Gamma Sigma is the honor society for business programs accredited by the Association to Advance Collegiate Schools of Business (AACSB International). Membership is the highest recognition a business student anywhere in the world can receive in an undergraduate or master's program at a school accredited by AACSB International. To be offered admission, students must rank in the top 10 percent of their senior class or the top 10 percent of their second-semester-junior class.

COLLEGIATE ENTREPRENEURS ORGANIZATION

Collegiate Entrepreneurs Organization (CEO) is the premier entrepreneurship network with chapters on university campuses across North America. The mission of CEO is to inform, support, and inspire college students to be entrepreneurial and seek opportunity through enterprise creation. CEO provides student entrepreneurs with events, chapter activities, and conferences to help start businesses. Members of the UT chapter visit local entrepreneurial companies, interact with Entrepreneurs of Knoxville (EOK) and other local organizations, and have opportunities to present their business ideas to their peers and receive feedback.

DELTA SIGMA PI

Delta Sigma Pi (DSP) is a professional business fraternity founded in 1907. The Alpha Zeta Chapter was founded in 1924 and is the oldest business fraternity on UT's campus. The organization is open to men and women and prides itself on promoting brotherhood, fellowship, leadership, and academic achievements in the business community. These qualities augment UT's business program with opportunities outside the classroom.

DIVERSE ORGANIZATION OF BUSINESS STUDENTS

Diverse Organization of Business Students (DOBS) is open to business students of all backgrounds, encouraging collaboration, awareness, and inclusion. The purpose of DOBS is to provide empowerment, networking, awareness, links to the professional and academic worlds, and community events to students in HCB. DOBS provides resources to members through business and professional speakers, thereby enhancing students' knowledge and understanding of diversity in the business world.

HASLAM WOMEN OF COLOR

Haslam Women of Color is a student organization that aims to provide a space for women of color in the Haslam College of Business and students interested in business to be able to network, build a sense of community, and strengthen their educational and professional goals.

HISPANIC BUSINESS STUDENT ASSOCIATION

The Hispanic Business Student Association envisions bringing together students from different backgrounds with the purpose of preparing them for the world of business. We seek to empower our members through our five core pillars so that our current members continue to become today's leaders and tomorrow's executives.

LATINO BUSINESS STUDENT ASSOCIATION

The Latino Business Student Association connects Latino business students for social, professional, and academic purposes for life in the Haslam College of Business, the University of Tennessee, and beyond.

MUSIC INDUSTRY CLUB

Music Industry Club's (MIC) mission is to develop the talent of future leaders in the music industry by providing valuable speaker series, engaging professional development workshops, and career opportunities at the University of Tennessee, Knoxville.

SUSTAINABLE BUSINESS GROUP

The Sustainable Business Organization is Haslam's first sustainability club. We are working to change the way the University of Tennessee does business in a more environmentally friendly way. We want to be a student-led organization whose goal is to raise student concern on the topic and establish change.

TENNESSEE UNDERGRADUATE CONSULTING CLUB

The Tennessee Undergraduate Consulting Club (TUCC) is focused on helping students pursue a career in management consulting.

WOMEN OF HASLAM

The mission of Women of Haslam is to provide educational and business networking connections that support, enrich and inspire women to develop professionally and personally. We bring collegiate, academic and community business women together in a variety of networking venues to strengthen the member's knowledge, experiences and resources. Our goal is to introduce women in all professions to the applicable principles of business, entrepreneurship, and leadership.

COLLEGE LEADERSHIP OPPORTUNITIES**BUSINESS ADMINISTRATION 100 PEER MENTORS**

Business Administration (BUAD) 100 Peer Mentors are undergraduate business majors who help facilitate the integration of first-year students into the university and HCB communities by sharing a critical student perspective. BUAD 100 Peer Mentors assist instructors in teaching a section of BUAD 100 each fall term and serve as role models, peer advisors, and contact persons for BUAD 100 students.

DIVERSITY ADVANCEMENT PROGRAM

The Diversity Advancement Program (DAP) is a selective program that provides students with the opportunity to hone their leadership and interpersonal skills while expanding their personal network and advancing diversity initiatives in HCB. DAP Advocates are responsible for representing the College at college fairs, school and corporate visits, and community events. Advocates have the opportunity to interact with diverse professionals from business and government and act as liaisons to various communities HCB serves.

HASLAM COLLEGE OF BUSINESS AMBASSADORS

Ambassadors are sophomores, juniors, and seniors in the Haslam College of Business who represent the college at special events and recruiting programs. Ambassadors provide building tours of the building for prospective students, parents, alumni, and distinguished guests. Ambassadors are selected every spring through an interview process. Demonstrated knowledge of campus resources and prior leadership experience is required.

HCB STUDENT ADVISORY COUNCIL

The Haslam Student Advisory Council (HSAC) represents the undergraduate population of the college and serves as a voice for student opinions on matters affecting the student experience and enhancing the college's culture. Selection for HSAC occurs in the fall semester each year. Members serve a two-year term.

BUSINESS HONORS COUNCIL

The Business Honors Council is dedicated to enhancing the academic, professional, philanthropic, and social endeavors of honors students in HCB. The council establishes and maintains an inclusive honors student community for all HCB honors students and provides feedback to faculty, staff, and alumni regarding curriculum and programming needs. In addition, members assist with recruiting events, advocate for honors and scholars programs, and host social and academic events. Members are selected every fall through an application process.

HCB PRESIDENTS' COUNCIL

The HCB Presidents' Council is comprised of presidents from all business-focused student organizations at the university and featured within this handbook. The council is charged with building a culture of student engagement, career readiness, and professional development; and encouraging student engagement both within student organizations and the larger college community. Members are invited to serve during the duration of their leadership position within one of the business-focused student organizations.

ADVISING

ACADEMIC ADVISING

UT MISSION

The University of Tennessee, Knoxville, places academic advising within the teaching/learning mission of the institution and recognizes it to be a critical component of students' educational experience and undergraduate success. It consists of four major components: Self Exploration, Career Exploration, Experience Learning, and Academic Planning.

Faculty, professional academic advisors, and administrators promote academic advising as a shared responsibility with students. Academic advising serves to develop and enrich students' educational plans in ways that are consistent with their aspirations, interests, strengths, and values—preparing them for a life of learning in a diverse and global society.

ADVISING IN THE HASLAM COLLEGE OF BUSINESS

Academic advising is an integral part of your university experience. While the university's policy requires students to have one mandatory academic planning session per year (unless you have earned fewer than 30 hours at UT, are on academic probation, or have not declared a major within a specific college), the Haslam College of Business considers academic planning to be so critical that we require our students to meet with an advisor every fall and spring semester.

Academic Probation:
Students are placed on academic probation when either their cumulative GPA falls below 2.00 for one term or when their semester GPA falls below 2.00 for two consecutive terms of enrollment.

Our centralized advising delivery is achieved by assigning all students an academic advisor with whom you can continue to consult throughout your academic career. Advising is much more than simply a time to select courses for the next semester; it is an opportunity for you and your advisor to develop and evaluate the academic plans that will enable you to reach your academic goals.

Once you begin taking 300-level courses in your major, academic advising is supplemented with career and professional advising from faculty members in your major. Once per term, the faculty will invite you to an open forum so you can learn about professional opportunities and get to know the faculty and their interests. You should identify faculty in your major with whom you share common interests and communicate with them regularly.

UNIVERSITY ACADEMIC ADVISING GOALS

- to foster a campus culture that supports academic advising as a shared responsibility essential to the educational experience and student success
- to assist students in self-exploration
- to assist in the development of educational plans that are consistent with students' aspirations, interests, strengths, and values
- to encourage holistic engagement with the college experience (academically, socially, culturally, and professionally) preparing students for a life of learning in a diverse and global society

STUDENT LEARNING OUTCOMES

Students will demonstrate they know

- curricular requirements, milestone courses, and course sequencing related to a chosen/intended academic program in order to graduate in a timely fashion
- the career and professional development opportunities available, as well as on-campus support for identification and exploration of career paths
- academic policies and procedures
- campus resources and support systems that promote academic success

Students will demonstrate they can

- develop an academic plan and assess degree progress through graduation
- critically reflect upon academic and career goals
- develop skills and strategies for academic success that include accessing and using institutional resources, policies, and procedures
- take responsibility for making decisions regarding their academic success

UNDERGRADUATE PROGRAMS

342 Haslam Business Building

haslam.utk.edu/undergraduate

STUDENT AND ADVISOR RESPONSIBILITIES

To assist with the success of your academic advising sessions and your academic career, it is your responsibility to

- schedule and keep an advising appointment each semester online at the appropriate time (instructions can be found on page 48)
- review your curriculum online at haslam.utk.edu/undergraduate, through this Student Handbook, or the online Undergraduate Catalog at catalog.utk.edu
- ensure you are meeting academic retention standards
- write down a tentative plan for next semester and any questions you have for your advisor
- keep copies of your relevant academic records
- be aware of course prerequisites and corequisites and select appropriate courses
- consult with your advisor before making drastic changes to an agreed-upon schedule
- consult with your academic advisor on issues related to academic progress, a change in program, registration for study abroad, internships and co-ops, courses to be taken at another institution, withdrawal from courses, or withdrawal from the university
- be aware of academic policies and procedures
- be aware of campus resources and support systems that promote academic success
- be aware of career and professional development opportunities available, as well as on-campus support for identification and exploration of career paths
- critically reflect on academic and career goals
- understand the importance of enhancing your degree with co-curricular and inter/intracultural experiences
- make final decisions and take responsibility for your academic career
- understand your responsibilities as an educated citizen of UT and of a democratic, diverse, and global society

It is your advisor's responsibility to

- be accessible to you during reasonable hours
- understand the curriculum, graduation requirements, and university policies
- provide accurate information
- discuss specific university, college, and departmental requirements, procedures, and deadlines
- help you define and develop realistic goals and discuss the linkage between academic preparation and career opportunities
- assist you in planning programs of study, both short-term and long-term, that are consistent with your abilities and interests, by considering course load, academic background, program demands, and employment or personal commitments
- help you identify special needs and acquaint you with services and programs provided by the college and the university
- refer you to other services, departments, and specific individuals as special needs are identified
- monitor your progress toward educational goals and keep accurate, up-to-date records of academic progress
- assist in the petitioning process for exception to policy
- help you assume responsibility for your decisions and actions
- respect your right to privacy of educational records and discuss confidential information only with appropriate individuals and for the purpose of serving your best interests

Course Load:
Full-time course load is 12 hours. The maximum number of hours you can take in a fall or spring semester is 19. Most students take 15 to 16 hours. You can take a maximum of three hours in mini-term and 12 hours in summer.

Your Right to Privacy:

Did you know that without your consent, we are not allowed to discuss your academic record with anyone, including your parents? If you want us to be able to discuss your records with your parents (or anyone else you designate), you can grant them access by logging into myUTK and completing the FERPA Academic Release Form located in the Academic Links box on the main page. For your protection, your completed consent form expires within one year of its execution or until revoked. Additional information may be obtained at <http://ferpa.utk.edu>.

STRUCTURE OF THE CURRICULUM

The Haslam College of Business curriculum is divided into five components: Haslam Leaders, Volunteer Core, Pre-Business Core, Business Core, and major requirements. Volunteer core, Pre-Business Core, and Business Core requirements are exactly the same, regardless of your major. The diagram below displays the structure of your degree.

Year Classification

You are classified by the number of hours that you have completed.

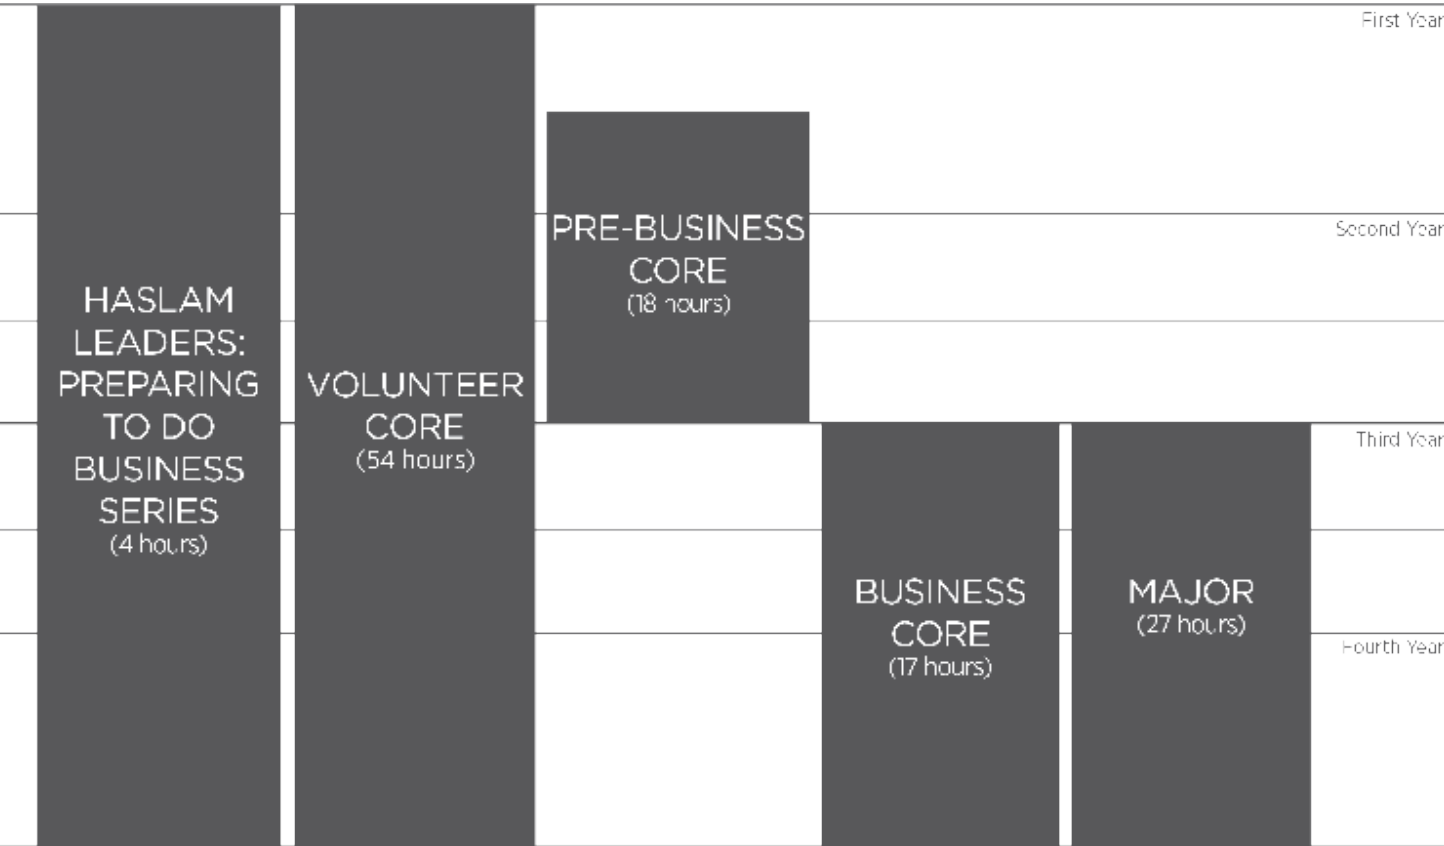

Freshman—between 0 and 29.9 hours

Sophomore—between 30 and 59.9 hours

Junior—between 60 and 89.9 hours

Senior—90 hours or more

BACHELOR OF SCIENCE IN BUSINESS ADMINISTRATION (120 hours)

UNIVERSAL TRACKING (uTrack)

uTrack is an academic monitoring system designed to help students stay on track for a timely graduation.

At the point of admission to the university, students are required to declare a major or exploratory track. By the end of the fourth tracking semester, students following an exploratory track (i.e., business exploratory) must declare a major and begin following that major track.

Tracking will begin with full-time, degree-seeking college students. Students will be tracked at the end of each fall and spring semester. In order for students to be considered on track for either a major or exploratory area, they must complete specified milestones. Students who are off track at the end of any semester must develop an advisor-approved plan for getting back on track

before they are allowed to register for future tracking semesters. Mini and summer semesters are not tracking terms; they provide an opportunity for students to catch up on unmet milestones. Students who are off track for two consecutive semesters will be placed on hold and required to select a new major that is better aligned with their abilities.

Milestones:
Minimum requirements that must be completed in each tracking semester, which include successful completion of specified courses and/or attainment of a minimum GPA. Milestones for the first and second years are noted below for all business majors and business exploratory tracks. Milestones for each major during the third and fourth years can be found on the individual major pages.

STRUCTURE OF FIRST AND SECOND YEARS WITH MILESTONES

First- & Second-Year Showcase	
(see major pages for third and fourth year showcases)

CURRICULUM

VOLUNTEER CORE

Volunteer Core provides students with the foundation for successful academic study, lifelong learning, and actively engaging in the duties of local, national, and global citizenship. The university's volunteer core curriculum is designed to help students better understand themselves, human cultures and societies, the natural world, as well as contribute to their personal enrichment.

The Volunteer Core general education program focuses on effective communication (both written and oral), expanded perspectives, and engaged inquiries.

EFFECTIVE COMMUNICATION

WRITTEN COMMUNICATION (9 hours)

Learn to identify areas for inquiry, locate relevant information, evaluate its usefulness and quality, and incorporate the information logically and ethically. Write correctly and be aware that different audiences and purposes call for different rhetorical responses. Written communication courses require formal and informal writing assignments that total 5,000 words.

English 101 and 102

English 255 (Honors 257) or 295

ORAL COMMUNICATION (3 hours)

Speak in an informative and/or convincing manner to other individuals and to groups, both large and small. Locate relevant information, evaluate its usefulness and quality, and incorporate the information logically and ethically in public address.

Communication Studies 210 (Honors 217) or 240 (Honors 247)

EXPANDED PERSPECTIVES

QUANTITATIVE REASONING (6 or 8 hours)

Possess the mathematical and quantitative skills to evaluate scientific studies and statistical evidence. Possess the skills both to recognize the quantitative dimension of problems and to use mathematical reasoning to formulate and solve the problem.

Math 123, 125 or 141, 142 (Honors 147, 148)

ETHICS (3 hours)

Business Administration 205 (Honors 208), Economics 305, Management 311, or Philosophy 244* or 252*

*The ethics requirement is specific to the Haslam College of Business and is not part of the university's general education requirements. Philosophy 244/252 cannot satisfy both ethics and an arts and humanities requirement.

Effective Communication: Students must practice the ability to acquire, evaluate, and use information to express themselves effectively orally and in writing to a variety of audiences.

Expanded Perspectives: General education should foster a commitment to respecting the diversity of personal, cultural, and scientific values. Students should be able to explain their own values and beliefs, as well as to understand the histories and cultures behind those values.

Engaged Inquiries: Students should develop habits of self-examination, strengthen their sensitivity to the dynamic nature of a multicultural world through interdisciplinary perspectives, and collaborate with others to apply what they know.

EXPANDED PERSPECTIVES (CONT.)

SOCIAL SCIENCES¹ (3 hours)

Understand the way that we live, especially the relation between the individual and the group, sometimes from a historical but often from a contemporary perspective. Understand complex individual, political, and social dynamics as well as the methods by which social scientists collect and evaluate knowledge.

Economics 211 (217)

¹ Students majoring in business fulfill the social science requirement by completing Economics 211 & 213 as part of the tracking courses

EXPANDED PERSPECTIVES ELECTIVES¹ (6 hours)

Haslam College of Business students take Econ 213 and one course from Arts and Humanities (AH), Global Citizenship International Focus (GCI), Global Citizenship US Focus (GCUS), Social Science (SS), or Applied Arts and Humanities (AAH).

Economics 213 (218)

One Additional course from: [Arts and Humanities](#), [GCI](#), [GCUS](#), [Social Science](#) or [Applied Arts and Humanities](#)

UNRESTRICTED ELECTIVES

(hours depend on your major)

Students must earn a minimum of 120 hours to earn a Bachelor of Science in Business Administration. Unrestricted electives are any courses not required for a degree which help students reach 120 credit hours.

EXPANDED PERSPECTIVES (CONT.)

ARTS AND HUMANITIES (3 hours)

What does it mean to be human? In attempting to answer this question, people have produced—and continue to produce—culturally and historically significant works. The study and critical interpretation of such works and their creators enriches students' lives and helps students understand the human condition, which is essential to our flourishing in an increasingly global community.

Courses in this area are expected to produce the following learning outcomes for students:

- Students will demonstrate the ability to identify and describe prominent works, figures, and/or schools of thought in the arts and humanities.
- Students will demonstrate the ability to describe the cultural and historical significance of prominent works, figures, and/or schools of thought in the arts and humanities.
- Students will demonstrate the ability to critically interpret prominent works or accomplishments in artistic and humanistic fields.

This requirement is satisfied by taking one course from the approved AH list.

Link to approved courses: [Arts and Humanities](#)

NATURAL SCIENCES (6–8 hours)

Over time, advances in science and technology have shaped our understanding of the world and our place in it. All students should be familiar with the fundamental principles and chief discoveries of one or more scientific disciplines, should understand the role and relevance of science in contemporary society, and should be able to use scientific knowledge and methods to answer questions about natural phenomena and analyze contemporary issues.

Courses in this area are expected to produce the following learning outcomes for students:

- Students will demonstrate the ability to describe fundamental principles and chief discoveries through appropriate use of the basic vocabulary of a course's discipline.
- Students will demonstrate the ability to identify the scientific dimensions of contemporary issues.

Courses with a lab should also meet the following learning outcome:

- Students will demonstrate the ability to use experimental techniques to answer questions and test hypotheses.

This requirement is satisfied by taking two courses from the approved NS list. At least one of the courses must have a laboratory.

Link to approved courses: [Natural Sciences](#)

GLOBAL CITIZENSHIP (6 hours)

Students satisfy this requirement by taking 1 Global Citizenship-International Focus (GSI) course and 1 Global Citizenship-United States (GCUS) course.

Deepening understanding of one's own cultures and traditions requires stepping back to see how and why individuals and societies are both similar and different. Contextualizing beliefs about global events, ideas, and social practices provides students with the tools they need to understand historical, social, linguistic, and/or cultural similarities and differences.

Courses in the International Focus area of the Global Citizenship category develop students' knowledge of international cultures and help students develop an understanding of historical influences and contemporary dynamics that shape the experiences of those living outside the United States. Courses in this area are expected to produce the following learning outcomes for students:

- Students will exhibit knowledge of the histories, experiences, religions, and/or languages of social, ethnic, and cultural groups outside of the United States.
- Students will demonstrate understanding of appropriate thematic and course-related vocabulary, or intermediate-level competency in a language other than English.
- Students will demonstrate an ability to critically compare and reflect on different social and cultural perspectives.

This requirement is satisfied by taking one course from the approved GCI list.

Link to approved courses: [Global Citizenship - International](#)

Courses in the U.S. Focus area of the Global Citizenship category develop students' appreciation of the variety and realities of the "American experience," taking into consideration categories of difference, such as social class, disability, ethnicity, gender, human geography, language, race, religion, and sexual orientation. Courses in this area are expected to produce the following learning outcomes for students:

- Students will critically reflect on and exhibit knowledge of the histories, experiences, and/or contributions of different social and cultural groups in the United States, including those based on categories of difference.
- Students will demonstrate an understanding of the ways that categories of difference have been socially constructed and affect the socioeconomic and cultural status of and opportunities for individuals and groups in the United States, including their own.
- Students will identify historical and/or contemporary relationships between the United States (including the indigenous peoples) and other global societies and cultures.

This requirement is satisfied by taking one course from the approved GCUS list.

Link to approved courses: [Global Citizenship - US](#)

PRE-BUSINESS CORE

The pre-business core courses (18 hours) provide you with the fundamentals of business education—introducing the tools, the environment, and the functions of contemporary business practices. As indicated in the diagram below, you will take the majority of these courses in your first and second years because many of them are prerequisites and/or corequisites to other pre-business core courses.

The pre-business core courses will also give you the opportunity to explore the functional areas of business, the integrated disciplines, and careers.

Prerequisite:
A course to be completed, or a level of skill or knowledge to be demonstrated, before you may enroll in a particular course or degree program or associate with a particular college.

Corequisite:
A course to be taken, or a requirement to be fulfilled, at the same time you are taking a particular course.

¹ Economics 211 & 213 satisfy the university's volunteer core social science requirement

² Accounting and Finance majors and collaterals are required to take ACCT 203

³ INMT 242 is only for business majors

⁴ Internal and external transfer students will complete BUAD 210 in place of BUAD 100

All pre-business core classes must be completed with a C or higher

Some courses have honors equivalents which can also satisfy the requirements.

ACCEPTANCE INTO THE HASLAM COLLEGE OF BUSINESS

FRESHMAN ADMISSION

Freshmen are admitted directly to the Haslam College of Business at the point of admission into the University of Tennessee. Admission to the university is highly competitive and based primarily on academic achievement at the high school level and scores on the ACT and/or SAT. Students admitted into the Haslam College of Business must maintain a minimum 2.50 cumulative grade point average and earn a grade of C or better in the following tracking courses (or honors equivalents) prior to the completion of 75 hours.

College Probation:
If a student's cumulative grade point average drops below 2.50, the student will be placed on probationary status for one semester prior to college release.

Math 123-125 or 141-142 (6 or 8 hours)
Oral Communication (3 hours from Communication Studies 210 or 240)
Written Communication (3 hours from English 255 or 295)
Accounting 200 or 203 (3 hours)
Economics 211 & 213 (6 hours)
Management 202 (3 hours)
Statistics 201 (3 hours)

INTERNAL AND EXTERNAL TRANSFER ADMISSION

Students who are not directly admitted to the Haslam College of Business or who are transferring from other educational institutions can apply for admission after completion of the tracking courses. Prior to the completion of 75 hours, students seeking transfer admission must complete all tracking courses with a grade of C or better and have a minimum 2.50 cumulative GPA. Both criteria must be met when the major application is reviewed. Selection is highly competitive and based on academic achievement, commitment to pursuing a business discipline, and departmental capacity.

MINORS

BUSINESS MINOR

The Haslam College of Business also offers a business minor for students pursuing majors in other colleges. Those students must successfully complete the following 22 hours of requirements:

Accounting 200 (3 hours)
Economics 201 (4 hours)
Statistics 201 (3 hours)
Management 201 (3 hours)
Finance 300 (3 hours)
Management 300 (3 hours)
Marketing 300 (3 hours)

Business minor students must meet the prerequisites for these courses. All upper-division business courses must be taken in residence at UT.

Students considering or pursuing a business minor are encouraged to email the Business Advising Center (busad@utk.edu) for questions related to the minor.

MINORS OUTSIDE THE COLLEGE

Pursuing coursework in a field outside of business is an opportunity for you to learn more about a personal interest or complement your field of study (e.g., pursuing additional coursework in a foreign language if you want to work in international business). A list of minors can be found online in the Undergraduate Catalog at catalog.utk.edu. Information on the entrepreneurship minor can be found on page 44.

If you are considering a minor, you should consult with the advising office/department for the minor. Also, let your primary advisor know so that it can be integrated into your academic plan. Integrating a minor into your academic pursuits is best if done early to help meet prerequisites and course requirements.

BUSINESS CORE

Building on the pre-business core foundation, the business core (17 hours) consists of integrated contemporary business management (CBM) modules in Supply Chain Management, Demand Management, Lean Operations, Information Management; discipline-specific course in financial management; coursework on legal issues; and a capstone integrating concepts and appli-

cations through a comprehensive simulation. CBM I and CBM II each consist of two courses (BUAD 331-332 and BUAD 341-342). INMT 242 (business pre-core) is a prerequisite to BUAD 342. As business management perspectives change, the topics in the business core will, by design, adapt.

THIRD YEAR		FOURTH YEAR	
FIRST SEMESTER	SECOND SEMESTER	FIRST SEMESTER	SECOND SEMESTER
BUAD 331 ¹ CBM I: Supply Chain Management	BUAD 453 Global Strategic Management: Integrating Concepts and Applications		
BUAD 332 ² CBM I: Demand Management			
BUAD 341 CBM II: Lean Operations	BULW 301 Legal Environment of Business		
BUAD 342 CBM II: Information Management			
FINC 301 Intro to Financial Management or FINC 306 ³ Financial Management			
HASLAM LEADERS: PREPARING TO DO BUSINESS SERIES			
BUAD 300: INSIGHT Becoming Personally & Professionally Aware as a Leader		BUAD 405: IMPACT Becoming a Leader that Makes a Positive Difference in Our World	

¹Supply Chain Management majors and collaterals must earn a C or higher in BUAD 331
²Marketing majors and collaterals must earn a C or higher in BUAD 332
³Finance majors and collaterals are required to take FINC 306

MAJORS

The Haslam College of Business offers nine majors:

Accounting
Business Analytics
Economics
Finance
Human Resource Management
Management
Marketing
Public Administration
Supply Chain Management

The 27 hours of major coursework combine two areas of emphasis. You have a choice between a “collateral” option or a “concentration” option. Collaterals and concentrations are secondary areas of emphasis that complement your major.

You are required to take 75 percent of your major coursework in residence at the University of Tennessee. Your major includes all major, collateral, and/or concentration coursework. A minimum grade of C must be earned in every major course, including the major, collateral, and concentration courses.

The diagram on page 20 portrays all possible combinations for majors, collaterals, and concentrations. Also on the following pages, you will find academic showcases for each of the majors, other pertinent information relating to the major curriculum, and requirements for the collaterals and concentrations.

Upon the successful completion of this curriculum, you will be awarded a Bachelor of Science in Business Administration. Below is an example of how you could display your education on your resume.

OPTIONAL SECOND MAJORS

If you wish to pursue an optional second major within the Haslam College of Business, you must apply for consideration with internal and external transfer students. Admission is competitive and based on departmental capacity.

Once admitted, you must complete a minimum of 18 additional hours of primary emphasis (major) outlined by each department. These hours must be distinct from the 27 hours required by your first major. If you choose a second business major in public administration or economics, you must complete an additional 27 hours of major coursework.

If you are a Haslam College of Business student who wants to pursue an optional second major in the College of Arts and Sciences, you must complete all curricular requirements for the Haslam College of Business and only the major requirements outlined by the department in the College of Arts and Sciences.

In either instance, the optional multiple majors (or second major) may be listed on your transcript. You should understand that meeting the requirements of second majors may lengthen your academic program, and you should consult with advisors in both areas. Once a bachelor’s degree has been awarded, students may not add a second major or minor to that degree.

RESUME TIP

How do you convey your degree, major, and collateral/concentration on your resume?

Haslam College of Business, The University of Tennessee, Knoxville

Bachelor of Science in Business Administration

¹ In addition to its collateral options, economics also offers areas of focus in environmental economics, health economics, industrial organization, international economics, labor economics, money/macroeconomics, public economics, and quantitative economics.

² Students pursuing the Bachelor of Science in Business Administration degree with a major in international business must have a primary major elsewhere within the Haslam College of Business.

³ Students majoring in management will choose one of three major tracks: Leadership and Organizational Effectiveness, Entrepreneurship and Emerging Enterprises, Workforce Analytics. The track students choose will determine eligible collaterals.

⁴ Students majoring in marketing will choose one of three major tracks: Customer and Brand Strategy, Digital and Visual Marketing, Professional Sales. The track students choose will determine eligible collaterals.

⁵ Interested public administration majors may design their own area of focus by strategically selecting electives from upper-level offerings in economics and political science.

⁶ The Advanced Foreign Language collateral may only be chosen by students approved to pursue a secondary major in International Business.

⁷ Students pursuing international business collateral/concentration or major are required to have an international educational experience.

⁸ Only for students admitted to Heath IBEP.

COLLATERALS AND CONCENTRATIONS

Some collaterals and concentrations are majors within the Haslam College of Business (i.e., accounting, business analytics, economics, finance, human resource management, management, marketing, and supply chain management). Information on these disciplines can be found on the following pages:

Accounting _____	22
Business Analytics _____	24
Economics _____	27
Finance _____	29
Human Resource Management _____	32
Management _____	34
Marketing _____	36
Supply Chain Management _____	40

There are other collateral and concentration options that are not offered as majors. To help you understand the entrepreneurship, information management, and leadership collateral and concentration options, descriptions are included on this page. Information about opportunities for the international business collateral and concentration can be found on page 6.

ENTREPRENEURSHIP

Entrepreneurs pursue opportunities without regard to the resources controlled; thus, entrepreneurs play an active role in not only identifying opportunities but also in building a business around the opportunity. In doing so, they are calculated risk-takers focused on value creation. The courses in the entrepreneurship collateral are designed to hone the skills needed by aspiring entrepreneurs. Students are challenged to identify, evaluate, and validate new opportunities that can provide the foundation for new ventures. They develop start-up strategies and learn about financing the venture and managing the growth. By the very nature of their ventures, entrepreneurs create change and innovation. Accordingly, students explore change models and ways to address resistance to change. As a capstone to the collateral, students develop a business plan for a new venture. This rigorous exercise integrates the various functional disciplines encountered in the college and guides the nascent venture as it moves forward. Students demonstrate the ability to articulate a vision, mission, and values for their enterprise; they will understand the forces that impact their industry, market, and customers; and they will analyze competition. Further,

they will be able to identify critical success factors and the most important parts of their value chain that drive resource allocation. Emphasis is placed on developing forecasts, budgets, and financial projections that can be taken to investors.

INFORMATION MANAGEMENT

Information management in organizations is about the responsible planning, acquisition or development, implementation, and use of information and information technology assets. Information management benefits from the application of creative thinking and problem solving to deliver solutions or apply information to solve organizational problems and contribute strategically to organizational goals.

Information management helps ensure that groups and individuals in all functional areas of business (including business analytics, accounting, supply chain management, finance, human resource management, management, and marketing) have efficient access to and make effective use of the information they need to do their work and to develop themselves. Information management focuses on the development of skills, practices, and confidence to think creatively to solve complex and unstructured problems while learning about the tools and techniques to develop, implement, and use information technologies.

LEADERSHIP

Effective leadership has taken on a new significance as organizations face a dynamic environment characterized by unprecedented uncertainty, global challenges and intense competition. Strong leadership skills are necessary in all functional specialties.

The leadership collateral helps students develop professional skills for managerial roles in organizations, allows for self-assessment focused on understanding leadership strengths and weaknesses, and fosters a greater understanding of critical leadership skills.

ACCOUNTING

Accountants and auditors help to ensure that firms are run efficiently, public records are kept accurately, and taxes are paid properly and on time. They analyze and communicate financial information for various entities, such as companies, individual clients, and federal, state, and local governments.

The University of Tennessee has one of the leading accounting programs in the nation. The program emphasizes the conceptual and applied understanding of business information and prepares students for careers in accounting and business.

OPPORTUNITIES FOR ACCOUNTING MAJORS

AIM ACCOUNTING ALLIANCE

AIM Accounting Alliance (AAA) is an organization for students in Haslam who are interested in accounting and information management (IM). AAA's mission is to provide its members with the opportunity to gain experience with the recruiting process, to develop interview skills, and to acquire insight from accounting and IM professionals. AAA meets weekly to provide student-to-student and student-to-professional interaction. Membership is open to any student who is interested in or chooses a major, collateral, or dual concentration in accounting and/or IM.

BETA ALPHA PSI

Beta Alpha Psi is the international organization for business information professionals with chapters at over 250 universities. Open to accounting and finance majors, membership in Beta Alpha Psi indicates high academic and professional standards and is highly regarded by accounting firms and corporations. Chapter members and pledges are required by national bylaws to participate in service activities and professional activities during the academic year. Weekly meetings feature current topics in the profession and provide a venue for significant student/professional interaction. A 3.25 overall GPA and 3.25 GPA in the major is required to pledge and students must have completed Finance 301 (Finance majors) or Accounting 301 (Accounting majors). Students must also have at least two semesters remaining in their undergraduate program to be eligible for membership.

NATIONAL ASSOCIATION OF BLACK ACCOUNTANTS

National Association of Black Accountants (NABA) is a national organization for business professionals and students. NABA's mission is to address the professional needs of its members and to build leaders that shape the future of the accounting and finance professions with an unfaltering commitment to inspire the same in their successors. As a student chapter, NABA aims to promote and to develop the professional skills of our members by providing them the opportunity to fulfill their civic responsibility and to represent the interests of current students with regard to enhancing opportunities for minorities in the accounting, finance, and other business-related professions. NABA meets monthly and provides a venue for significant student-to-student and student-to-professional interactions.

WOMEN IN ACCOUNTING

Women in Accounting will host speakers of any gender who can address common issues women face in the workplace, and strategies to overcome them. The club aims to provide club members with connections that will continue past graduation to provide support and mentorship throughout their career.

BUSINESS ANALYTICS

An important application of statistics is business analytics, which is the use of data analysis and modeling to help businesses achieve better performance. For example, in order to know how to improve business performance, a retailer may need to objectively compare the performance of several different retail outlets. An online marketer may need to set up experiments to test the effectiveness of different website layouts. An insurance company may need to analyze its claims to identify those most likely to be fraudulent. A grocery chain may wish to analyze its

customer records to determine how to use coupons to increase the loyalty of its customers and to increase the amount each customer spends.

The fields of opportunity for business analysts are numerous and include economics, finance, market research, e-commerce, engineering, manufacturing, transportation, education, medicine, psychology, agriculture, and computer and social sciences.

OPPORTUNITIES FOR BUSINESS ANALYTICS MAJORS

BUSINESS ANALYTICS SOCIETY AT THE UNIVERSITY OF TENNESSEE

The Business Analytics Society (BAS) at UT was founded by students interested in business analytics, data, and statistics. The Business Analytics Society meets regularly to promote real data exposure for members through hands-on work with organizations, speakers, networking opportunities, and community service projects. All interested students are welcome to join.

SPORTS ANALYTICS CLUB

The Sports Analytics Club is led by UTK Business Analytics Graduate/Undergraduate students, but open to all University of Tennessee Knoxville students and faculty. This organization brings sports analytics professionals to campus once a year and competes in a national competition.

ECONOMICS

Economics uses a unified framework to study a wide variety of business-relevant, and society-relevant, issues. Economists analyze decision-making by consumers, workers, and employers; market outcomes like prices, international trade flows, energy and resource utilization, wages, and foreign exchange rates; and policy for the national and international economy but also for local or even individual matters like tax rates, pollution regulations, and health care. The economist’s toolkit contains not just this unified framework, but also statistical tools special to economic analysis and

methodologies for evaluating new programs, assessing economic impact, and performing cost-benefit studies.

An economics degree provides a strong foundation in critical thinking, analytical techniques, and problem-solving. Majors pursue careers in business, consulting, all levels of government, and a variety of other fields. Students also go on for law or MBA degrees or advanced degrees in economics, business analytics, or other fields.

ECONOMICS COLLATERALS (6 hours each)

ACCOUNTING

Accounting 311
Two of: Accounting 414, 431, or Information Management 341

BUSINESS ANALYTICS

Business Analytics and Statistics 474
Two of: Business analytics and Statistics 320, BAS 454, 471, or 476 (students who do not take BAS 320 must have proficiency in R programming language to take other indicated BAS courses)

FINANCE

Finance 420
Two of: Finance 381, 425, 435, 450, 475, or 481 (FINC 381 prerequisite)

OPPORTUNITIES FOR ECONOMICS MAJORS

ECONOMICS CLUB

The Economics Club is a resource for students interested in the field of economics. The club meets regularly to discuss economic issues, host speakers, engage in community service, and provide review sessions for Economics students. The club also travels to Washington, D.C. each year to meet with policy-makers and private firms. Any student is welcome and encouraged to join.

OMICRON DELTA EPSILON, BETA CHAPTER

Omicron Delta Epsilon (ODE) is a prestigious economics honor society that includes faculty and student members across the nation. To qualify, a student needs to have taken at least 12 hours of economics and have at least a 3.0 cumulative GPA.

FINANCE

Finance is the study of the skills, techniques, and decision-making process essential to managing money. Broad areas of study are how to fund, manage and evaluate projects, how to manage wealth, and how financial markets price risky assets. Finance coursework covers topics relevant to both organizations and individuals and prepares students for a variety of career paths, including financial advisor, financial risk manager, consultant, commercial real estate agent, credit analyst, treasurer, banking professional, insurance analyst, and budget analyst. Many of these professions are included in the top 15 best business jobs according to U.S. News & World Report’s “Best Business Jobs” for 2017.

OPPORTUNITIES FOR FINANCE MAJORS

BLOOMBERG TRAINING—FINANCE 494

Contact: Dr. Laura Cole—lscole@utk.edu

Finance 494 (1 hour of general elective credit) is a proprietary training program created by the Masters Investment Center (MILC) for students who want to learn how to navigate the Bloomberg terminal and analyze data in four market sectors: Equities, Fixed Income, Forex, and Commodities. The course is both completed online and on campus in the investment center. Bloomberg Market Concepts (BMC) is a suggested prerequisite. Bloomberg training provides all business students, especially those interested in pursuing a finance-related career, a competitive edge. Suggested Prerequisite: Finance 306 or 308

BLOOMBERG ADVANCED TRAINING—FINANCE 496

Contact: Dr. Laura Cole—lscole@utk.edu

Finance 496 is designed for undergraduate business students to gather, describe, and analyze data on a Bloomberg terminal, with a focus on experiential learning. Bloomberg terminals and Excel API will be utilized to illustrate how data analytics can improve financial decision-making. Students submit weekly case write-ups and spreadsheet analyses on a variety of financial topics. The purpose is to be able to apply the skills learned in this course to future coursework and/or on the job site. This course is completed in the investment center in person. Students have flexibility in selecting Bloomberg reservation times during the MILC's operating hours. Bloomberg training provides all business students, especially those interested in pursuing a finance-related career, a competitive edge. Mandatory Prerequisite: Finance 494

OPPORTUNITIES FOR FINANCE MAJORS

EXCEL MODELING CLUB

The Excel Modeling Club develops relevant, practical, and cutting-edge Excel modeling skills that bridge gaps between HCB undergraduate curriculum and industry practice and elevates student career trajectories. The club will organize and promote involvement in the Microsoft Excel Collegiate Challenge, an international eSports competition hosted by the University of Arizona each fall and work towards hosting a regional version of the competition in the spring. The Excel Modeling Club will also provide support to University of Tennessee students currently enrolled in courses having an Excel emphasis.

FINANCIAL MANAGEMENT ASSOCIATION

Financial Management Association (FMA) is a student-run organization that provides a forum for the exchange of financial related information, career networking opportunities, and social activities. The objectives and goals of FMA are to: 1) foster education advancement in the study of finance, 2) encourage active participation in financial study and community relations, and 3) enhance career opportunities in the financial arena. FMA hosts monthly speakers who are leaders in their fields. FMA also takes annual trips. Annual trips have included trips to New York to visit Wall Street and financial institutions and trips to Omaha to visit famed investor Warren Buffett. Membership is open to all business majors. Finance majors receive priority for events with limited participation, such as annual trips, and are eligible to receive departmental support to help offset the cost of participation.

INVESTMENT FUND MANAGEMENT—FINANCE 495

Finance 495 (1-3 hours of finance elective credit) affords students an exciting opportunity to learn investments and portfolio management by managing real dollar portfolios of financial assets. Students selected not only learn the analytical and decision making tools needed in evaluating sound investment decisions but also see the results of their decisions compared to a designated benchmark like the S&P500. Communication and fiduciary reporting skills are developed via the preparation of performance reports and interactions with working investment professionals. For more information visit: <https://haslam.utk.edu/finance>

REAL ESTATE CLUB

The UT Real Estate Club is a student run organization whose mission is to educate students about future careers in the fields of commercial and residential real estate. Through organized meetings as well as site visits and field trips, students will have the opportunity to learn about the industry while creating a network in the local community. The club is open to any and all UT students, but may be of particular interest to students in Finance, Architecture and Design or Construction Science.

TENNESSEE CAPITAL MARKETS SOCIETY

The Tennessee Capital Markets Society is a selective student-managed organization that focuses on moving students into high-profile finance jobs and providing members the skills required for a career in capital markets. Career paths include investment banking, consulting, or sales and trading. The society will connect members with alumni who work for well-respected firms while simultaneously preparing members for the challenging interview process. The core focus is on financial literacy, modeling, valuation, and integrated financial statement analysis.

UT INVESTMENT GROUP

The University of Tennessee Investment Group (UTIG) is a student-led organization that focuses on financial literacy, which is achieved through trading in a stock competition and a series of personal finance seminars hosted by industry professionals. In fall and spring semesters, members may attend monthly personal finance meetings where they can enjoy catered food while learning the basics of trading stocks, ETFs, and options, as well as how to build their own personal wealth. The “Wolf of Vol Street” trading competition offers cash prizes to top traders, and boasts participation of hundreds of students across campus. Membership is open to all academic levels and all majors from all colleges.

WOMEN IN FINANCE

Women of Finance (WinFin) creates a space to allow females pursuing finance to grow professionally, while having the ability to form connections and a support system to pursue finance confidently. Each semester WinFin allows members to have access to resources and information to best enrich their experience as a woman in the finance field at the University of Tennessee. As outcomes, these women (i) are proactive about getting involved in the finance field, (ii) more interested and excited about their finance coursework, (iii) have a better understanding of what they would like to do in their careers, and (iv) feel supported and confident in their decision to pursue finance. Membership is limited to females in finance at all academic levels.

HUMAN RESOURCE MANAGEMENT

How an organization manages its human assets—its talent—may be the single most important factor in sustained competitive success. Human resource management requires attracting, developing, and maintaining an effective workforce within an organization. Human resource management professionals forecast human resource needs and recruit and select individuals to match job needs. They also develop training programs, performance appraisal procedures, and compensation systems.

OPPORTUNITIES FOR HUMAN RESOURCE
MANAGEMENT MAJORS

INTERNSHIPS—HUMAN RESOURCE
MANAGEMENT 492

Contact: Dr. Debbie Mackey—dmackey@utk.edu
Human Resource Management 492 (1–6 hours) offers internship and career development experience, which provides an opportunity to integrate and apply the knowledge and skill-based competencies obtained in the classroom. Skills gained through the internship will also assist you in making a career decision and give you the necessary experience to transition to the corporate world.

SOCIETY FOR HUMAN RESOURCE MANAGEMENT
The University of Tennessee Society for Human Resource Management (UT-SHRM) is the collegiate division of human resource professionals. UT-SHRM promotes knowledge, skills, and the practice of human resource management. The collegiate division works with professionals to advance the promotion of human resource careers and information. The student organization is open to any interested HCB student.

MANAGEMENT

Managers motivate and coordinate people in order to achieve organizational goals. Management involves the critical functions of planning, organizing, leading, and controlling. Professional managers think strategically and work with others to lead organizations or departments to successful outcomes.

MANAGEMENT MAJOR TRACKS

The Management Major can be earned through three different tracks of study with distinct career outcomes.

- 1. Entrepreneurship and Emerging Enterprises Track (EEE) gives students the content and skills for creating and managing new, early-stage, and high-growth organizations. This track prepares students for opportunities in start-ups and growth businesses, and family-owned firms—including for-profit and not-for-profit organizations.
- 2. Leadership and Organizational Effectiveness (LOE) prepares students to create value within existing organizations by managing business opportunities that foster new revenue growth. LOE career outcomes include corporate management trainee programs, project-based work, consulting, and general management.
- 3. Workforce Analytics (WA) combines data analytics and evidence-based practice to help managers effectively leverage the workforce. Career options in this track include business analyst, workforce consultant, survey analyst, and assessment analyst.

A common thread throughout the Management Major is the development of important professional skills including: data-driven decision making, problem-solving, critical thinking, leadership, and communication. All students in each track are strongly encouraged to complete an internship.

OPPORTUNITIES FOR MANAGEMENT MAJORS

INTERNSHIPS—MANAGEMENT 492

Contact: Dr. Eva Cowell—ecowell@utk.edu
Management 492 (1–6 hours) offers internship and career development experience, which provides an opportunity to integrate and apply the knowledge and skill-based competencies obtained in the classroom. Skills gained through the internship will also assist you in making a career decision and give you the necessary experience to transition to the corporate world.

MANAGEMENT SOCIETY AT THE UNIVERSITY OF TENNESSEE

The Management Society at The University of Tennessee (MSUT) is a semi-professional organization for students interested in management and leadership. The organization was initiated by students and was chartered in February 2010. MSUT promotes hands-on leadership experience for all members through interactive meetings, speakers, workshops, field trips, networking opportunities, and community service projects.

MARKETING

Marketing in an organization has responsibility for identifying who customers are, what they need and want, and how best to meet those needs/wants by creating and delivering superior value to them. Marketing professionals use strategy tools to target customers, create value propositions and positioning for each target, and deliver and communicate value to these customers through product design, pricing, advertising, personal selling, promotion, and distribution.

Marketing education enables one to pursue varied career opportunities critical to organizations. Typically, a career in marketing begins in either consumer or industrial sales or retailing, which eventually may lead to management positions in any of several areas. For example, marketing professionals may hold positions in advertising, brand management, sales management, promotion management, marketing research, distribution, and other related areas.

MARKETING MAJOR TRACKS

- The Marketing Major can be earned through three different tracks of study with distinct career outcomes.
- 1. Customer and Brand Strategy - Acquire the skillsets necessary to effectively develop, launch, market and manage brands that profitably satisfy target customers’ needs
 - 2. Digital and Visual Marketing - Develop state-of-the-art expertise in the use of digital channels and tools to understand, engage with, and sell to chosen customers
 - 3. Professional Sales - Learn how to leverage consultative selling techniques and digital sales tools to build, grow, and maintain profitable business relationships.

OPPORTUNITIES FOR MARKETING MAJORS

AMERICAN MARKETING ASSOCIATION AT UT

The UT American Marketing Association (AMA) is dedicated to promoting a professional environment. Members are challenged and encouraged to gain experience not only in marketing, but in all realms of business, thus promoting the future success of marketing and business while striving to satisfy the needs of AMA members, the college, the local community, and the Knoxville professional chapter. AMA provides professional growth opportunities through networking, speaker seminars, on-site visits, job search support, unique career opportunities, and case competitions.

PROFESSIONAL SALES LEADERSHIP PROGRAM

The Professional Sales Leadership Program empowers the next generation of diverse sales talent through career development with corporate partners, leadership development opportunities, and high-value professional engagement interactions with an emphasis on creating a culture that prepares students for success and placement in sales careers.

PUBLIC ADMINISTRATION

The public administration major is a joint program sponsored by the Departments of Economics and Political Science. It is designed for students interested in government and non-profit enterprises, namely in the formation of public policy and the practice of public sector management among many other areas of the interface between the public and private sectors. The program combines general education in business principles with specific courses in the economic and political aspects of government policies. Students choose electives to focus their interest or expertise.

Public administration majors pursue careers in a wide variety of areas in both the private and public sectors, the latter at the federal, state, and local levels. Examples include tax administration and budget analysis, city management, governmental relations within large corporations and industry trade associations, the management of non-profit organizations, policy analysis in a non-governmental organization, and the functional areas of government such as education, healthcare, environment, and economic development.

OPPORTUNITIES FOR PUBLIC ADMINISTRATION MAJORS

KAPPA ALPHA PHI

The vision of Kappa Alpha Pi Pre-Law and Government Fraternity at the University of Tennessee is to foster a community of individuals interested in pursuing careers within the legal and government fields. We are committed to providing our brothers with the tools necessary to succeed academically, professionally, and socially and in doing so create leaders for the future.

PUBLIC ADMINISTRATION STUDENT ASSOCIATION

The mission of Public Administration Student Association (PASA) is to cultivate academic, social, and professional relationships among students and faculty members in the realm of public administration through guest lectures and personal world experiences.

- PASA strives to work under three pillars:
- Professional Development
 - Community & Civic Engagement
 - Governmental and Economic Relations

SUPPLY CHAIN MANAGEMENT

Supply chain management encompasses the planning and management of all activities involved in sourcing and procurement, conversion, and all logistics management activities. It drives coordination of processes and activities with and across marketing, sales, product design, finance, and information technology, as well as with channel partners, which can be suppliers, intermediaries, third-party service providers, and customers, with the purpose of delivering a cohesive and high-performing business model.

SUPPLY CHAIN MANAGEMENT MAJOR INTERNSHIP REQUIREMENT PROCESS

INTERNSHIPS—SUPPLY CHAIN MANAGEMENT 489

Contact: scminternship@utk.edu
Supply Chain Management majors are required to complete an internship or equivalent experience to graduate. To fulfill this requirement, students must complete the following steps:

- 1. Find and receive an offer to complete an internship
- 2. Complete the SCM Internship Approval form for approval of your internship.
- 3. Complete internship.
- 4. Complete SCM 489

WHAT COUNTS AS AN INTERNSHIP?
The goal is for all SCM students to obtain robust and relevant experience to help prepare them for their careers, and there are many ways to accomplish that.

Numerous and diverse opportunities are available; however, students must seek out, apply for, and obtain an internship or equivalent experience on their own. Students will be provided resources and tips to assist them in independently seeking, securing, and succeeding in internship experiences.

For more information visit: haslam.utk.edu/supply-chain-management/internships/

OPPORTUNITIES FOR SUPPLY CHAIN MANAGEMENT MAJORS

SCM SCHOLARS OF DISTINCTION

Contact: Cole Burns—cburns12@utk.edu

SCM Scholars of Distinction is a special initiative of the Department of Marketing and Supply Chain Management to identify rising sophomores, juniors, and seniors (both rising and graduating) who have distinguished themselves by their strong academic record, campus leadership, community service, and work experience. Students selected will have the opportunity to connect and network with SCM executives from leading global companies. Qualified students will receive an invitation to apply the first day of classes each semester. Students must be a declared supply chain management major at the time of application.

SUPPLY CHAIN AUTOMATION AND ROBOTICS

Supply Chain Automation and Robotics (SCAR) is a student organization dedicated to building scaled components of a supply chain using robotics/automation, coding and applying supply chain principles like collaboration and data collection for process improvements.

TENNESSEE ASSOCIATION OF SUPPLY CHAIN

The mission of the Council of Supply Chain Management Professionals is to: 1) educate all students about the exciting and rewarding career opportunities in supply chain management on a global basis, 2) provide a link between recruiters who wish to speak to SCM majors and those students who desire an internship, a co-op, or a full-time position, 3) promote UT and its students to industry, 4) establish networking opportunities between students that will last over their business careers, and 5) provide a professional setting where professors, instructors, students, and members of industry may interact to facilitate supply chain management knowledge and research around the world.

INTERNATIONAL BUSINESS

Global trade affects all businesses, even those focused on the domestic market. For students to succeed in this environment, they must have an understanding of cross-border political, legal, economic, social and financial issues. A worldwide perspective is necessary to meet the challenges of our current and developing global workplace, and a requisite knowledge and specialized skills are necessary to prosper in today's global business environment.

REQUIRED COURSES

INTERNATIONAL BUSINESS 460
Global Capstone in International Business

INTERNATIONAL BUSINESS 489
Study Abroad (full semester abroad required)

INTERNATIONAL BUSINESS 499
Special Topics in International Business

MANAGEMENT 472
Managing People in the Global Environment

BUSINESS ADMINISTRATION 400
Special Topics

A degree in International Business is designed to prepare students for an international career in variety of business fields. Haslam's International Business degree is designed to accompany a second major within the Haslam College of Business, which equips them with specific functional skills that enhance their effectiveness as business professionals, while incorporating advanced foreign language requirements and a mandatory semester study abroad experience. Students will develop their international business knowledge, their intercultural fluencies, their technical functional skills, and their communication skills in both English and their chosen second language.

COLLATERAL

NINE HOURS OF ADVANCED FOREIGN LANGUAGE
Three courses at the 300+ Level of a foreign language

Proficiency in a foreign language is integral to understanding social and historical nuances for foreign cultures. It also positions students to better integrate into their host countries and build meaningful working relationships and successful trans-continental careers.

The advanced foreign language collateral can be shared with the primary major.

ADMISSION TO THE MAJOR

Students must apply for and gain acceptance into the major to ensure appropriate and on-time progression through the coursework. Interested applicants should have a minimum GPA of 3.0 to ensure semester abroad viability.

A typical application and selection process will occur in the spring semester of the sophomore year, for full integration into the major beginning in the beginning of the junior year.

Students pursuing the Bachelor of Science in Business Administration degree with a major in International Business must have a second major elsewhere within the Haslam College of Business.

ENTREPRENEURSHIP MINOR

An interdisciplinary minor in entrepreneurship is available to students from all academic programs of study. The minor consists of 15 credit hours from entrepreneurship courses taught by faculty across seven different colleges—the Haslam College of Business, the College of Architecture and Design, the College of Communication & Information, the Tickle College of Engineering, the College of Education, Health and

Statistics	4 or 5	Statistics 201

¹For business minors, a 3 or better on the Micro AP exams satisfies the Economics 201 requirement.

²Students admitted Fall 2016 and forward, credit for English 101. Students admitted prior to Fall 2016, credit for English 101–102

³2014 exams and prior–3, 4, 5. Exams taken in 2015 or later, a score of 4 or 5 is required.

For additional AP, IB and CLEP information, visit: admissions.utk.edu

RESOURCES AND USEFUL INFORMATION

GRADUATION REQUIREMENTS

ALL BUSINESS STUDENTS MUST MEET THE FOLLOWING REQUIREMENTS:

- 120 semester hours
- 60 semester hours at a four-year institution
- Last 30 hours at UT
- Cumulative UT GPA of 2.50 or higher
- 75 percent of major, collateral, or concentration hours at UT
- A minimum grade of C in every course counted towards the major, including collateral and concentration courses

HONORS DESIGNATIONS:

- Cum laude—GPA between 3.50 and 3.69
- Magna cum laude—GPA between 3.7 and 3.89
- Summa cum laude—GPA between 3.90 and 4.00

APPLICATION FOR GRADUATION:

Students will complete the application online through their myUTK account, but only once they have completed at least 90 semester hours. Prior to filling out the application, students must first confirm their academic profile in myUTK is accurate. This includes the degree, major(s), collateral/concentration, catalog year, and, if applicable, minor(s) being pursued.

COMMENCEMENT CEREMONIES:

In the spring, the Haslam College of Business hosts a commencement ceremony. Spring and summer graduates attend the spring ceremony. RSVP at undergrad.haslam.utk.edu.

GRADE POINT AVERAGE

Your grade point average (GPA) is a measure of your academic performance for a semester and/or cumulatively during your career at the university. At the end of each semester, your instructor will assign you a grade based upon your mastery of the course material.

Your GPA is calculated by dividing your grade quality points you earned by the total number of hours you attempted (for the semester or cumulatively). The result, rounded off to two decimal points, is your GPA.

GRADES CALCULATED INTO YOUR GPA

Below are the numeric values for grades earned.

SATISFACTORY GRADES		UNSATISFACTORY GRADES	
A	4.00	C-	1.70
A-	3.70	D+	1.30
B+	3.30	D	1.00
B	3.00	D-	0.70
B-	2.70	F	0.00
C+	2.30		
C	2.00		

GPA CALCULATION EXAMPLE

Below is a typical first semester schedule for a business student, including courses, credit hours, grades, quality points, and GPA calculation.

COURSE	CREDIT HOURS	LETTER GRADE	NUMERIC GRADE	QUALITY POINTS (Credit Hours * Numeric Grade)
Business Administration 100	1.0	A	4.00	4.00
English 101	3.0	B+	3.30	9.90
English 103	1.0	S	0.00	0.00
Geology 101	4.0	B	3.00	12.00
Management 202	3.0	B+	3.30	9.90
Communication Studies 240	3.0	A-	3.70	11.10
Totals	15.0			46.90
Total Hours in GPA	14.0	(A grade of S in English 103 does not carry GPA weight but does factor toward earned hours)		
GPA Calculation	46.9 Quality Points ÷ 14.0 GPA Hours = 3.35 Term GPA			

GRADES THAT DO NOT FACTOR INTO YOUR GPA

The following grades are not calculated into your GPA; however, some might satisfy hours toward your total hours earned.

- W, WP, WF, NR, P, S, and NC
- I, IW, IC, IS, and SI
- Grades transferred to the university after Fall 1985 or later

CALCULATING YOUR MAJOR GPA

In some cases, you might want to list your major GPA instead of your cumulative GPA—it might be higher than your cumulative GPA or a company might ask for it—or you might want to list both to recognize your academic achievement.

Similar to the example below, you would take the courses specific to your major (you can include collateral or concentration courses) and calculate the quality points dividing by the total number of hours attempted in your major coursework.

When including your major GPA on your resume, make sure to label it as your major GPA. Normally, GPA is only included if it is above a 3.00. Here is what it might look like on your resume.

Major/Cumulative GPA: ###/4.00

ACADEMIC ADVISING AND NAVIGATE

Navigate, also referred to as Vol Academic Connect (VAC), can be a critical component of your success. After your advising appointment, it will be important to remember what you and your advisor discussed. Advising reports and documents can be viewed in VAC.

There are various other offices that also use VAC. If you ever need to make an advising appointment with another college, you can make your appointment through VAC. All tutoring services on campus, the Chancellor's Honors Program, the Student Success Center, and VolsTeach also use VAC as their primary appointment system. Finally, many of these centers, including the Haslam College of Business, will routinely use Vol Academic Connect to email students. Messages will go to your UTK email account, but you can also access these emails through VAC. Vol Academic Connect is also an excellent way for you to send emails to instructors and advisors if you have any questions or concerns.

SCHEDULING AN ADVISING APPOINTMENT

You will receive an email from the Business Advising Office when it is time to schedule your advising appointment. These emails are sent based on student's registration dates and are always sent on Thursdays. In the email there is a link that you will click and then you will follow the instructions detailed in the email. Appointments are only opened one week at a time. You will continue to receive emails on Thursdays until you have scheduled your appointment.

ACCESSING NAVIGATE

1. Log into MyUTK at myutk.utk.edu using your netID and password.
2. Under Academic Resources select the link for Vol Academic Connect (Navigate).
3. On your VAC Student Home page you will see the following tabs:
 Class Information: this contains your current schedule.
 Reports: this contains the reports and documents from your advising appointments.
 Calendar: shows your upcoming courses and appointments for the month. You can cancel an appointment by clicking on the appointment and following the instructions.
 Send a Message: This contains a list of your current professors as well as your advisors and can be use to email them.
4. You can also use the Appointments button to schedule a tutoring appointment.

OFFICE OF DIVERSITY AND COMMUNITY RELATIONS

Building Excellence Through Inclusion

The Office of Diversity & Community Relations (ODCR) leads the college's efforts to build a diverse collegiate community by fostering a climate that supports respect, social justice, and broad participation. The executive director and staff work to promote the development of a culturally diverse college and community, and to recruit and retain faculty, students, and staff from historically underrepresented groups. OCDR also provides strategic planning and leadership for college and university diversity programs and initiatives.

As a community of scholars, HCB is inclusive of people of all racial, ethnic, cultural, socioeconomic, and international backgrounds. We welcome and support diversity of thought, religion, sexual orientation, gender identity/expression, political affiliation, and ability. We believe in a culture of inclusion and stand firm in the belief that an appreciation of individuals from a multitude of backgrounds and experiences is a necessity in the global workforce.

PROGRAMS AND INITIATIVES

OCDR is committed to offering personalized academic support along with co-curricular opportunities for students. Our objective is to help students stay focused, directed, and connected with regard to their future goals and to foster the HCB stated vision to inspire our students, colleagues, business, and society.

RESOURCES AND USEFUL INFORMATION

LAPTOPS

By the second semester of your second year, you are required to have a laptop computer. Exposure to and mastery of technology prepare you to excel in today's network-driven business environment. The Haslam College of Business has integrated technology into its curriculum in a number of ways, including the use of the university's campus-wide wireless network and course-management systems. You will use your NetID to access these systems.

For current Haslam College of Business laptop specifications, please visit <https://haslam.utk.edu/undergraduate/laptop-specifications>.

NetID:

When you enroll at the university, you are provided a NetID to be used for your e-mail account, for access to Blackboard, to register for classes, for the university's campus-wide wireless network, and for the Haslam College of Business's courses on the web. A student's e-mail address is "NetID"@vols.utk.edu (i.e., jsmith15@vols.utk.edu).

The official University of Tennessee policy requires that all undergraduate students must have an activated university-supplied e-mail address. This e-mail address is utilized for official university communication. Students are held accountable for information contained in official university mailings to their university-supplied e-mail address.

You have two sources for technology support on campus:

Office of Information Technology (OIT)
Walk-in consulting, The Commons
(865) 974-9900; oit.utk.edu

VolShop
Student Union
(865) 946-7467; <https://utvolshop.com/shop-voltech>

Students receiving financial aid may be eligible to request a one-time budget increase for the purchase of a laptop. Contact One Stop, located on the ground floor in Hodges Library, to explore options based on individual financial aid status. The University of Tennessee has negotiated products and special pricing through a number of vendors. These products are available at VolTech in the Student Union.

COLLEGE & DEPARTMENTAL SCHOLARSHIPS

A limited number of scholarships are available for highly qualified students. Selection criteria considered for scholarships include academic merit, financial need, and leadership. The college offers three types of scholarships: college, departmental, and study abroad.

To be considered for and/or maintain a college or departmental scholarship, you must meet the following criteria:

- Be a full-time undergraduate student in the Haslam College of Business enrolled in at least 12 hours each semester (fall and spring).
- Maintain a minimum 2.75 grade point average.
- Apply annually for college and departmental scholarships using the university's Continuing Student Undergraduate Scholarship Application located on OneStop's website (<http://onestop.utk.edu/scholarships/continuing/>). The application becomes available online in December with a deadline of February 1.

STUDY ABROAD SCHOLARSHIPS

- Stipend to help defray travel expenses to declared business majors.
- Applications are accepted the semester prior to the study abroad experience.

Spring study abroad: Applications are due early October.

Mini-term and summer study abroad: Applications are due mid-January.

Fall study abroad: Applications are due mid-April.

- Applications are available on the Undergraduate Programs website (separate from other college and departmental applications) at haslam.utk.edu/financial-aid.

All qualified applicants will receive equal consideration for employment and admissions without regard to race, color, national origin, religion, sex, pregnancy, marital status, sexual orientation, gender identity, age, physical or mental disability, or covered veteran status. Eligibility and other terms and conditions of employment benefits at The University of Tennessee are governed by laws and regulations of the State of Tennessee, and this non-discrimination statement is intended to be consistent with those laws and regulations. In accordance with the requirements of Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990, The University of Tennessee affirmatively states that it does not discriminate on the basis of race, sex, or disability in its education programs and activities, and this policy extends to employment by the University. Inquiries and charges of violation of Title VI (race, color, and national origin), Title IX (sex), Section 504 (disability), ADA (disability), Age Discrimination in Employment Act (age), sexual orientation, or veteran status should be directed to the Office of Equity and Diversity (OED), 1840 Melrose Avenue, Knoxville, TN 37996-3560, telephone (865) 974-2498. Requests for accommodation of a disability should be directed to the ADA Coordinator at the Office of Equity and Diversity.
