

# Barbara Wing

## Audit Leader

Results-driven and highly experienced Internal Audit Leader with over 20 years of expertise in internal controls, risk assessment, financial accounting and reporting, and compliance. Proven history of leading audit teams to identify and mitigate risks, enhance operational efficiency, and ensure regulatory compliance. Adept at developing and implementing comprehensive audit plans and presenting actionable insights to senior management. Strong analytical skills, attention to detail, and a commitment to maintaining the highest standards of integrity and professionalism. Demonstrated ability to drive continuous improvement and foster a culture of accountability.

## WORK EXPERIENCE

### Internal Audit Director, Clayton Homes

2023-Present

Prior Roles: Internal Audit Manager 2021-2023, Internal Audit Supervisor 2019-2020, Lead Auditor 2018-2019

- Conduct various risk assessment exercises used to develop an agile audit plan and methodology to provide the highest overall value from internal auditing activities. Plan, coordinate, oversee and allocate internal and third-party resources to ensure applicable professional and internal quality standards are met or exceeded.
- Prepare internal audit reporting for presentation to Clayton Homes executive management and the Berkshire Hathaway Internal Audit Director.
- Provide the strategic direction and leadership to a team of 14 auditors to plan and perform risk-based operational, financial, and technology process audits and management consulting in five distinct business units across the organization.

### Principal and Founder, Wing Consulting Ltd.

2014-2022

- Following a change in professional standards requiring greater independence, formed a professional services firm to continue the practice began at Collins Barrow.
- Appointed as chief audit executive for financial institutions and managed IT service audit engagement at healthcare insurance processor, ensuring that the functions were adhering to professional and regulatory standards.
- Assisted clients with designing, project managing and implementation of initiatives to improve risk management, regulatory compliance and board engagement in financial institutions, healthcare and wholesale and retail industries.

### Manager, US Tax and Consulting, Collins Barrow

2010-2014

- Developed and grew management advisory services function, focusing on assisting clients with designing, implementing and refining regulatory compliance, enterprise risk management and internal audit functions.
- Designed training material and keynote speaker to executive management, board members and consultants at regional event attended by individuals representing several credit unions, attorneys and auditors.
- Conducted employee engagement surveys and assisted the board and management with understanding the results, identifying strategies for change and monitoring the effectiveness of the strategies implemented. Assisted high net-worth individuals and their businesses with US tax filing obligations to ensure that all required filings were complete and appropriate strategies were used to minimize liabilities.
